The License Package Plan Advantage

License Package Plan

Install and run MeetingPlaza on your own in-house corporate server

Advantages

- Significant cost savings
 - One-time investment
 - Flexible packages – pay only for what you need
 - By maximum number of simultaneous users
 - By desired features
- Easy to install/deploy on standard platforms
 - Linux, Sun/Solaris
 - Client PC requires no additional software
- Easy to access/use
- Better security – behind corporate firewall

License Package Plan: Real World Savings

Case Study:

- Mid-sized asset management solution provider
- 400 employees
- 250 clients
- WebEx expense annually:
 - \$8,000 - \$18,000
